

## Summer 2026 — Individual Player Reports

Welcome to the Azzurri Storm Premier Team. This document is your personal roadmap for the summer. Every player has received an individual assessment, a summer development plan, and an accountability partner to keep you on track. Read your section, embrace the work, and remember: the players who take no days off are the ones who come back transformed.

### Summer Philosophy — Individual Work First

This summer is primarily about **individual development**. There are no team training sessions to carry you forward — the growth happens at home, at a wall, in your backyard, at the park. Every single day. That means:

- Wall Offs, both feet — hundreds of touches daily, first touch, receiving, passing
- Juggling — set a record today and beat it tomorrow, every day without exception
- Shooting — 50 shots each foot per day for players with shooting as a focus area
- Moves — perfect 1-3 go-to moves until they are completely automatic
- Strength and conditioning — for players with speed, agility, or fitness as a development focus

Log everything on the **Champions Do Extra** platform. Your coaches and teammates will follow your progress. Accountability is part of what makes a team great.

### Optional: Futsal, 5v5 & 3v3 — Let Us Know!

In addition to individual training, there are local Futsal, 5v5, and 3v3 opportunities this summer. These are optional but highly recommended — small-sided games sharpen decision-making, first touch under pressure, and creativity in tight spaces. Please let your coach know if you are interested so we can coordinate attendance.

| Date    | Location / Event     |
|---------|----------------------|
| June 6  | Estero — 5v5         |
| June 21 | Estero — 5v5         |
| June 27 | Ave Maria — 5v5      |
| June 28 | Davie Futsal Cup     |
| July 5  | Ft. Myers Futsal Cup |
| July 25 | Naples — 5v5         |

### Looking Ahead — Florida Girls Academy League (FGAL)

Next year, Azzurri Storm will be competing in the **Florida Girls Academy League (FGAL)** — one of the premier development leagues in the state. The FGAL features top clubs from across Florida, meaning we will travel to and compete against teams from:

- Tampa Bay / St. Petersburg area
- Orlando and Central Florida
- Jacksonville and North Florida
- Miami, Fort Lauderdale, and South Florida (Weston, Doral, Pembroke Pines)
- Sarasota, Fort Myers, and the Southwest Florida Gulf Coast

This is a step up in competition and a genuine opportunity to test ourselves against the best clubs in the state. Two marquee events to circle on your calendar:

| FGAL Event    | Timing        | Notes             |
|---------------|---------------|-------------------|
| FGAL Jamboree | December 2026 | Full league       |
| FGAL Playoff  | April 2027    | Top teams advance |

### Full 2026-2027 Tournament Calendar

| Tournament           | Dates                             | Status          |
|----------------------|-----------------------------------|-----------------|
| SuperCopa Qualifiers | Sept / October 2026 (likely)      | TBC             |
| Tampa Bay Super Cup  | October 23-25, 2026               | Confirmed       |
| FGAL Jamboree        | December 2026                     | TBC             |
| Dimitri Cup          | January 17-19, 2027               | Est. prior year |
| Weston Cup           | Presidents' Day Weekend, Feb 2027 | Est. prior year |
| Sarasota Cup (Girls) | April 2027                        | TBC             |
| FGAL Playoff         | April 2027                        | TBC             |
| Florida Kraze Krush  | Spring 2027                       | TBC             |

\* TBC dates are based on prior-year patterns. Confirm via the club calendar as the season approaches.

Champions Do Extra

Every player will log their summer work on the Champions Do Extra platform — juggling records, Wall Off sessions, shooting reps, and move progress. Your teammates can follow along and so can your coaches. Make your log something to be proud of.

Aubree Harris

Overall Score: 25 / 36

Aubree — you are the benchmark for this group right now. Here is where you stand:

| First Touch            | Development Focus |
|------------------------|-------------------|
| Speed / Agility        | Superb            |
| Shooting               | Strong            |
| Strength / Physicality | Superb            |
| Connecting             | Medium            |
| Dribbling              | Medium            |
| Tackling               | Strong            |
| Fitness                | Medium            |
| Weak Foot              | Superb            |

That combination of superb speed, physicality, and weak foot is hard to find and you should be genuinely proud of where you sit. But here is the challenge I want to give you: your first touch is the one area that does not match the rest of your game, and for a player of your quality, closing that gap would make you genuinely elite. Wall Offs, both feet every day — technical, precise. Juggling daily to keep your feel for the ball sharp. Then think bigger: what 1-3 moves can you perfect that make you unplayable in every situation? You are leading this group — now set the standard in how hard you work and pull everyone else toward you.

Every Premier Player · Every Day · Small Gains Everyday

- Master the ball skills assigned — make them automatic in a game
- Beat your juggling record every single day — log it
- Track daily work on the Champions Do Extra platform so teammates and coaches follow your progress
- Zero days off — the player who shows up every day wins the summer
