*Our goal: **Strengthen the Girls Program through attendance and unity** — build relationships within and across our teams.*

Next week, Azzurri is hosting its **first-ever Girls Team Formation Camp** in collaboration with Prime Time Training, headed by Azzurri's Director of Player Development, **Coach Felipe**.

Enjoy an exclusive opportunity just for our girls program to attend with their new teammates and to advance in the game together.

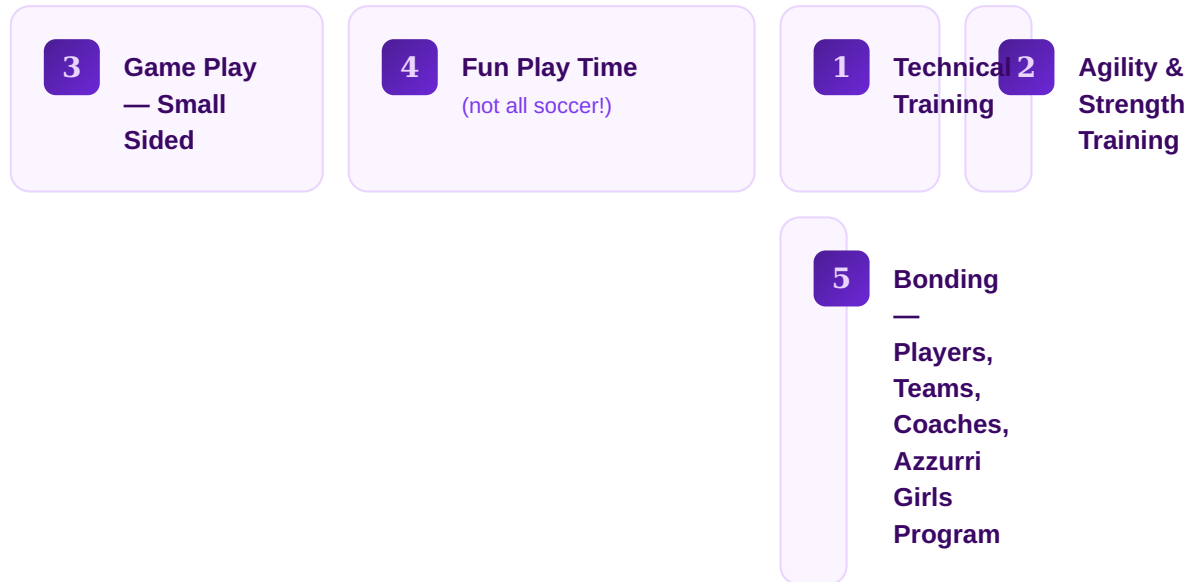

WHO IS COACH FELIPE?

A Naples native, Coach Felipe's playing career took him to Mexico's second division with Atletico San Luis before a severe knee injury brought him home. Turning adversity into purpose, he founded Prime Time Training in 2015 and has spent the past decade developing players of all levels across Southwest Florida — helping athletes earn spots in MLS Academies, college programs, professional contracts, and national team call-ups. His player-first philosophy centers on intentional, high-intensity training built around game-like scenarios, so every athlete steps onto the field on game day ready and confident. He now joins Azzurri as Director of Player

Development, bringing that same commitment to the next generation of the beautiful game.
